

SURESH KUMAR G

Founder & CEO of Pepul.

Co-Founder & CEO of MacAppStudio

Suresh is the Founder & CEO of Pepul, They are building next generation social network from India. He is also Cofounder of MacAppStudio , a leading award-winning technology company, awarded World's Most Valuable Developer by Intel and Pepul, a next generation social media platform. Suresh & George entirely bootstrapped MacAppStudio to a multi-million dollar enterprise and is known for his HR and People first culture. This duo had broken all corporate cultures and have set a unique culture. They are the only company in the world to hire without resumes and typical interview process.

They have been awarded as Worlds Most Valuable Developer by Intel, They are the youngest and first in Asia to get the highest recognition Intel BlackBelts and Three-time winners of worldwide developer Challenges.

MacAppStudio is a leading award-winning technology company. MacAppStudio Culture is an experiment done by God, George and Suresh. They have built a company by breaking all the rules that corporates and other companies follow.

In the year 2012, by leaving the 2 lakh per month job and Sacrificing US H1 Offers. God, George and Suresh Started Macappstudio in Madipakkam, Chennai. They have struggled a lot for the first three years, They were crazy no one believed them nor supported them except God and their Wifes . They went to Zero, Where they could
